Youth Work Opportunities for All

A Scottish Executive
Consultation to inform a
National Youth Work Strategy

The Scottish Executive has launched a consultation paper to inform a National Youth Work Strategy. The consultation which runs up to Wednesday 1st November, comes in the form of a series of questions that cover a range of topics including national structures, better information, access to opportunities, engaging young people, improving quality and training.

For adults and youth work organisations there is a response booklet, and for young people a shortened questionnaire which covers similar ground.

This consultation is a unique opportunity for those involved in the delivery and management of youth work in Edinburgh to influence its future both locally and nationally.

The seminar will be held on Tuesday 12 September at Meadowbank (10.00am till 12noon). It will:

- Give you a chance to get copies of the consultation and related papers
- Provide background information on the context and focus of the consultation
- Provide opportunities to discuss how best to engage youth workers and young people in the consultation
- Hear about consultation opportunities that are being set up across the city.

To reserve a hard copy of the papers and/or advise us you're attending please phone LAYC on 0131 667 1828 or email enquiries@layc.org.uk
